

To Whom It May Concern:

On May 9, 2009, I, along with several family and friends, attended Lonnie Stephens Hand Gun Training class. Our handgun knowledge and skill set ranged from beginner to very experienced.

Even with this range of experience, we all found the class informative and thoroughly enjoyed ourselves. We had a great time in the classroom and on the range. The classroom is where we spent the majority of our time; however, it went by really fast. Lonnie's humor and real life examples kept the class engaging and interesting. In addition, the accommodations were comfortable and the meals (breakfast and lunch) were delicious.

I would highly recommend this class to anyone interested in obtaining their hand gun carry permit. See "Other Letters of Recommendation" for additional feedback on our May 9th class.

Mr. Stevens,

I was proud to have you as my instructor for the Hand Gun Safety Course. You were very professional.

I learned a lot about not only handling a gun but more on self control. I will recommend Music City Security to anyone who wants to be trained by a true professional.

I totally enjoyed the class! Mr. Stevens is extremely knowledgeable about firearms and safety. I am a beginner and learned a lot about gun safety. He made me feel comfortable about asking questions. After completing the course, I feel more at ease about firearms.
